

Club InterContinental: An Exclusive Retreat

Stepping off the elevator on the 8th floor, the guest arrives at Club InterContinental, the three-floor “hotel within a hotel” of the InterContinental Toronto Centre. With state-of-the-art facilities and dedicated business and concierge services, Club InterContinental provides an exclusive and welcoming retreat for conducting business or simply relaxing.

Upon arrival, the Clef d’Or concierge offers a warm greeting and a private check-in. The concierge team can provide an insider’s view of the city, whether arranging private access to the newest fashion designer’s atelier, reservations at a dining hotspot, tickets to a concert or the theatre, booking a taxi or private car, or simply fulfil any one of a guest’s myriad of requests. The Club also provides complimentary car service within a five-kilometre radius of the hotel, as well as valet parking. A private 8th floor boardroom is available for guests’ use.

Club Lounge

The spacious Club Lounge boasts a subdued yet welcoming warmth, with stunning views of Lake Ontario. Here, guests are invited to enjoy an enhanced continental breakfast and afternoon tea featuring creations by renowned French pastry chef, Christophe Measson.

The Lounge is also an ideal place to enjoy an evening cocktail or glass of fine wine while savouring hors d’oeuvres from the hotel’s exceptional Azure restaurant. To catch the news or relax, there is a large plasma TV and DVD player as well as a current selection of books, magazines and newspapers from around the globe.

The guest rooms

Each of the 90 chic and luxurious Club rooms & suites is exquisite, with tastefully modern furniture offset by a soothing neutral colour palette. The combined impact of the room’s many features is one of luxurious calm, where bamboo floors meet pale wall-to-wall carpeting. The breathtaking view from the floor-to-ceiling windows may be appreciated from plush window seats and pillows. The king-sized bed boasts the finest of linens – 250-thread Egyptian cotton – topped with sumptuous pillows and a down duvet.

In a Club InterContinental guest room, the business traveler wants for nothing. Standard amenities include high-speed Internet access, a speaker phone with two lines, dataport and voice mail. The large, oval work desk is the ultimate in contemporary styling and on wheels for convenience. Guests may also enjoy the state-of-art Bose sound system and flat screen television. In the mini-bar they’ll find superior Canadian Pinot Noirs and Chardonnays. From its rooms and amenities, to its lounge and library, to the service of its hospitable staff, Club InterContinental offers the very best to the global traveler.
